

## Motor yachts *Punta I & Punta II*

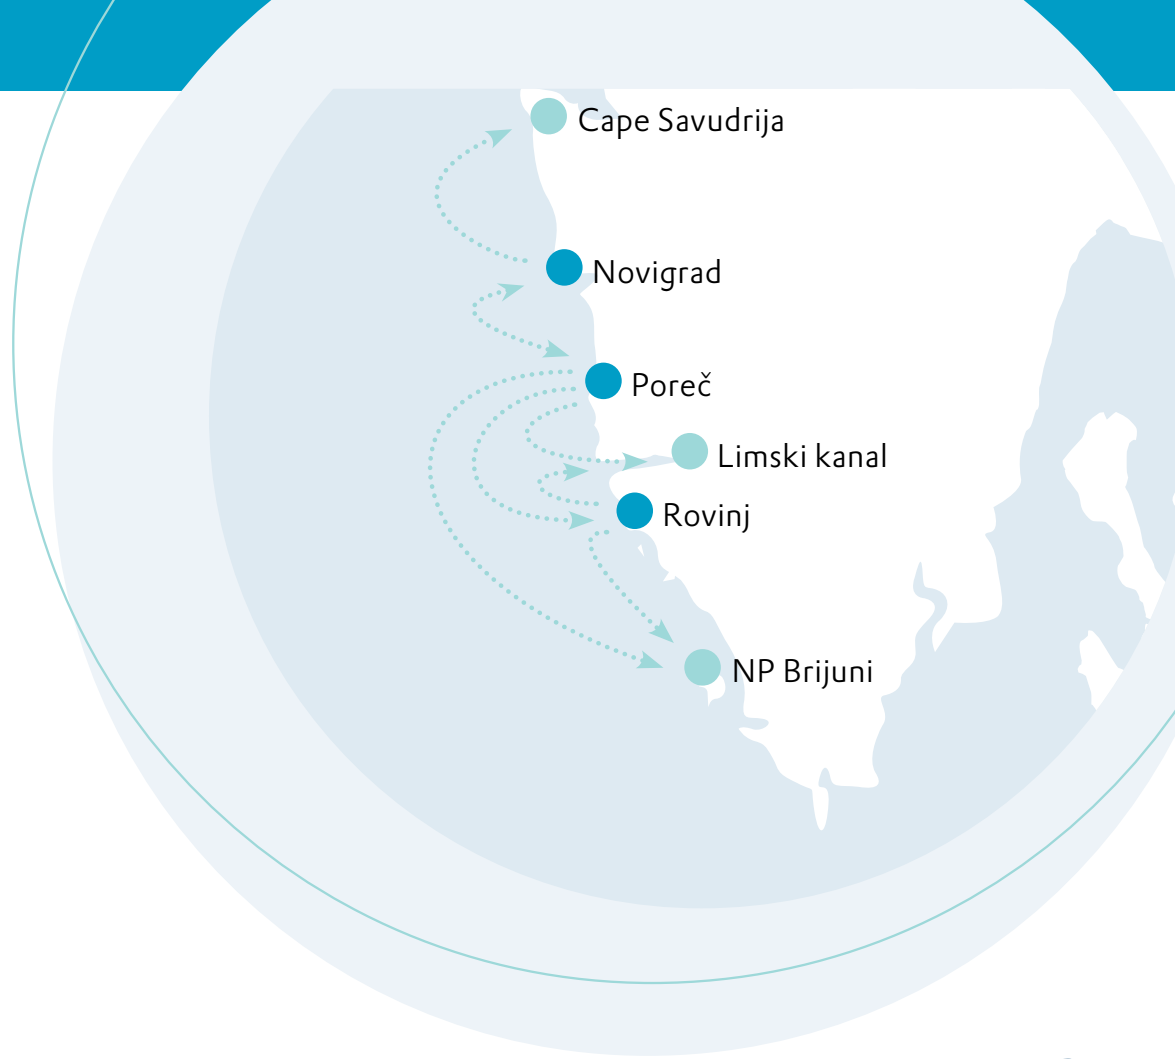

*Istria by Yacht*

Choose the most elegant way to spend your day and explore the beautiful Istrian coast and its picturesque bays with our motor yachts Punta I and Punta II.

Join us and we will take you for a relaxing cruise with a chance to discover the unique Brijuni National Park, an archipelago spread on 14 islands situated on a 7-km stretch between Pula and Rovinj. Nature has created quite a little paradise here – a true harmony of flora and fauna with ancient historical monuments.

Have the opportunity to enjoy the view from open sea to Rovinj – one of the most romantic places in the Mediterranean. The town is situated on a former island, on a restricted area with crowded houses, narrow streets and small squares, still untouched by modern urbanism.

The afternoon is reserved to enjoy swimming at one of the many hidden bays with clear-blue sea on the nearby island of Sveti Andrija and a perfect place to enjoy sunbathing – the exquisite Punta yacht deck.
